Michael:

We plan to move forward with the withdrawal of our 1-hr Ozone Plan Contingency Measures and our 1997 (84 ppb) Ozone Plan. Please let me know if CARB is ok with this – I believe CARB is fine with this.

Best Regards,
Michael Villegas

Hi Mike and Michael –

At CARB's request, I am sending a letter to you both that confirms EPA's analysis and conclusion that the withdrawal of the contingency measures portion of Ventura's 1-hour ozone plan and the withdrawal of the attainment plan for the 1997 8-hour ozone standard would not result in adverse consequences for the District or State. I very much appreciate your collaborative engagement as EPA works to address the SIP backlog. Please let me or Ginger Vagenas know if you have any questions.

Thanks,
Amy
